April to June 2022

We received a total of **15** compliments, by the end of June 2022, the majority of which were from tenants.

Who we received compliments from

What we received compliments about

Not included in the figures above are the compliments received from individual members of staff to their colleagues, in other departments or subsidiary, for work they feel is worthy of mentioning. Some aids and adaptation work was carried out in Mid Argyll, resulting in the following compliments:-

- "Workmanship spot on again no snags whatsoever - Benchmark workmanship absolutely peerless"
- "Peerless workmanship - no snagging. Again first class workmanship, no snags whatsoever"

We always welcome the opportunity to improve on the service we provide to our customers and the wider community. One of the ways we do this is to respond promptly, positively and efficiently to all complaints made. If they tell us what we are doing wrong, or what they are unhappy with, we will strive to get it right next time.

By the end of June, we had dealt with:-

- ◆ 19 Stage 1 complaints

- ◆ 7 Stage 2 complaints

Our customers are able to get in touch with us to raise their complaint in a variety of ways.

We have many customers who are not our tenants.

We currently have 16 categories that the complaints we receive are logged under. Up to the end of June, **91%** of the complaints received, were logged under the following 8 categories.

We aim to respond to all the complaints we receive within the Scottish Public Services Ombudsman's targets.

◆ **89%** of the stage 1 complaints that staff dealt with by the end of June were responded to within 5 days.

◆ **43%** of the stage 2 complaints that staff dealt with by the end of June were responded to within 20 days.

Lessons learnt:-

How happy were you with how we handled your complaint?

Finding out how satisfied complainants are with how we handled their complaint is a very important part of our complaint handling process:

- It gives them the opportunity to tell us if they think we handled it properly and if not, why;
- It also gives us the opportunity to learn from their comments on how it was handled and if we could have been better.

We issued 19 surveys between the beginning of April and the end of June, asking complainants a variety of questions : -

- How easy was it to make your complaint?
- How satisfied or dissatisfied were you with the information and advice provided by staff?
- How satisfied or dissatisfied were you with the speed with which your complaint was dealt with?
- Overall, how satisfied or dissatisfied are you with the way your complaint was handled by ACHA?
- How comfortable would you be to make a complaint to ACHA in the future, should the need arise?

We received one response to our survey and the complainant who responded felt it was very easy to make their complaint.

They were very satisfied with the information and advice provided by staff.

They were also very satisfied with the speed their complaint was dealt with.

They were very satisfied with the way their complaint was handled by staff and would be very comfortable making a complaint to us in the future.
