

Board of Management

Betty Rhodick

I am a 67-year-old married mother of 6. My husband was in the Army so during our first years of marriage we travelled extensively, and I enjoyed meeting people of other cultures. This broadened my mind and education of same as well as becoming more tolerant of how the world works.

I am the vice convener of Lochgilphead Community Council being a community councillor for 40 years, since moving to Mid Argyll, Chairperson of the Mid Argyll and Kintyre Area committee, Member of the Audit committee, President of the Kilmichael - Glassary SWI, secretary of the Lochgilphead Armed Forces Day and a public representative member of the Integrated Joint Board of Health and Social Care.

Before retiring I worked as a Support Worker assisting people to live independently in their own homes.

I enjoy meeting people and have helped them with challenges in their life on many occasions, often steering them in right direction for appropriate assistance for their problems.
